PROJECT PURPOSE

To improve the Camino-Real International Trade Route and alleviate traffic congestion on the city street network by providing a bypass route connecting I-90 east of Billings with MT Highway 3 northwest of Billings.

MEETING PURPOSE

The purpose of this meeting is to gather information and comments from you, regarding the proposed bypass. Your ideas and concerns will be used to develop and evaluate alternatives for the Billings Bypass. We are requesting your comments so that we can confidently identify alternative bypass routes that will best serve the Billings Area.

PROJECT WEBSITE

Project information and updates are also available on the project website at www.billingsbypass.com. You can also submit comments to the project team or request to be included on the project mailing list through the comment page on the project website.
